WHERE
EVERYONE IS AN
ACHIEVER

OUR INSPIRATION

Late. Shri Ram Prakash Verma
Founder

Sony Educational Group were established in 6th April 1999 by Late Shri Ramprakash Varma Ji. To promote educational environment in Bharatpur he took retirement from Govt. Job, and start this noble cause. Today Sony Educational Group is running 3 branches in Bharatpur City and there were more than 6000 students are studying.

MESSAGES

Heartily welcome to Sony Educational Group. It is indeed a pleasure to lead an infant institution like Sony, which has created a name for itself providing holistic and quality schooling in Bharatpur.

A dynamic and progressive school system is characterized by the extend and magnitude of the care it takes of its pupils and thereby of their future. Every child is genetically a genius. The task of education is to awake the child to his genius. The school should provide the stage for research and discovery, thought and insight, analysis and synthesis, exploration and creation. Sony Educational Group leaves no stone unturned to meet manifold needs of children - such as intellectual, emotional, spiritual and disciplinary. The school provides a stimulating environment to let the young ones flower and develop the qualities of character, integrity and social responsibilities.

The entire staff of SEG is aware that it is at this stage the child begins to develop and as an individual, and important adjustments begin to take place in the child's personality as a social and intellectual being. The simultaneous development of sensor-motor skills require in us, to act as a facilitator, a friend and guide, foster parent, and collaborator at the same time.

Through this brochure we aim to enlighten you on our vision and ideology, familiarize you with our working culture, the teaching methodologies being used to kind of environment that has been setup for the students, our plans for the future and how all these factors combined together will eventually reveal our role as educators, in achieving the ultimate objective of nation building.

Vivek Soni
Director

Sony Educational Group is the premier institution opened with a focused mission to inculcate a passion for life-long learning among students and empower them to face the practical life situation with grit and determination : Standing true to our vision of facilitating overall personality grooming, academic excellence is one of the primary objectives of our institution.

Airy class rooms, highly proficient native faculty, balanced curriculum with ample space for co-curricular activities, religious and value based education etc. make our schooling experience a unique one.

I wish every learner to become a high achiever in school and practical life.

Vikas Soni
Director

A PLACE TO LEARN, GROW & EXPERIENCE LIFE

Our Mission

To develop Sony Educational Group into a vibrant and an exemplary educational institution where students are nurtured and encouraged to achieve their ultimate potential.

High quality standards of teaching and learning in a caring environment is the very heart of our purpose in which significant emphasis is placed on individual student achievement and the celebration of success.

Striving for excellence is our motto.

Mission Statement

We are committed to be an exceptional school with a difference. The graduates of our school will be cognizant, sensitive, reflective and participative individuals who, take pride in themselves and the nation, will impact and influence a changing society with confidence and creativity. The school is committed to provide a challenging, enriching and purposeful learning environment on a sustained basis in the belief that this engages students in maximum learning.

Our Philosophy

Sony Educational Group is committed to application-oriented learning. We believe that shaping the overall personality of the students is of paramount importance and will offer total personality development as a part of the curriculum transaction. We provide individual attention to our students, thus enhancing their ability to acquire and synthesize knowledge in their chosen fields of study. The objective is to inculcate a self-sustaining innovative and self renewing system that always operates on a "learning mode".

Every year maximum
students get "Gargi Award "
by Rajasthan Govt.

Most students get Laptop
in State Govt.'s Laptop
Distribution Scheme.

EDUCATION DRIVEN BY SELF

Wisdom cannot be instilled. It blossoms in us as we learn and let wisdom manifest through our being. The more we know ourselves, the better we can comprehend the deeper levels of knowledge and utilize our full potential in life.

Jaipuria Schools strive to expose students to their own latent potential and then provide an environment in which these faculties get full opportunity to evolve. The aim is to empower students with the internal resources to be able to explore their own self and be in command of it. Thus our pedagogy lays tremendous importance on:

Self Knowledge | Self Assessment | Self Control | Self Learning

The pedagogical tools used to inculcate these values in the students are:

Worksheets

creative worksheets to challenge the children to think rather than memorize
Projects to reiterate the child's learning with hands on experience

Group Discussions

to help students exchange ideas & opinions. Also to enhance listening and speaking skills

Spirit of Enquiry

to enhance the child's natural curiosity into an open, questioning & seeking mind

Holistic Subjects

indigenously developed courses on the holistic subjects such as Human Unity, Evolution, What is personality?, Self Knowledge & Self Control, which are given as short capsules to all students.

THE SCIENCE OF EDUCATION

Education is as much a science as an art. That's why over last two decades, we've evolved a proven methodology of imparting integral education to our students. Keeping in mind the various stages of learning in a child's life, we have divided the 14 years that a student spends at Sony Educational Group, into 5 stages. At each stage our deft and experienced facilitators address the varied individual needs of the students in a scientific manner with innovative pedagogical tools.

THE LAST SCHOOL

Kindergarten I & II, Level 1, 2 and 3

At the Last School, we carry out the basic function of a 'school' i.e. to teach. The focus is on the development of language skills, both oral and written, mathematics and on the development of motor skills, mind-body coordination etc.

AFTER SCHOOL2

Exploration School-Level 6, 7 & 8

The focus is on students learning through Explorations, Experimentations, Project Work & Research. Students are introduced to new more specialized fields of knowledge within the streams of Science & Social Studies.

SUPER SCHOOL

Level 11 and 12

Having gone through the previous stages, students are now prepared to be introduced to subjects at a higher level. At this stage students have developed the ability to concentrate and self-learn and it is possible for the teacher to gallop with them. Here, apart from specializing in the subject of their choice, the students also prepare for college and a life of continuous self-development.

AFTER SCHOOL1

Demonstration School-Level 4 and 5 The focus is on students learning through a continuous process of demonstrations made by the teachers. Teachers use tools such as Presentations, Field Visits, Trips, Museum Visits, Movie Viewing, Slide Shows, Exhibitions, Dramas, Recitations. Students are introduced to a variety of curricular and non-curricular subjects. A special course of study at this stage is the subject of 'What is learning? How does one learn? What are the methods & tools for learning?'

AFTER SCHOOL3

Assimilation School-Level 9 and 10

Facilitators and mentors at this stage are attentive & supportive to each student's individual developmental needs. They also develop a counselor profile for each student to help them chart their growth path.

LEARNING RESOURCES & FACILITIES

Library

The school provides well indexed stock of newspapers and magazines. It opens the door of world of reading to the students.

Laboratories

Practical work and hands-on experience provides for more effective learning. The science laboratories at our school provide the proper training required for the curriculum.

Computer Lab

We have latest computers to satisfy the needs of the students.

Career Guidance and Counselling

A qualified Career Counsellor guides the students to recognise their talents and aptitudes.

So... What's the secret of our teaching success! At Sony, there always exists a promise and possibility in our energy and care, and warmth in our encouragement. These qualities are essential for successful teaching and learning!!! Students' progress is continuously monitored in scholastic and non scholastic areas and a comprehensive report is posted online at the end of every milestone test and exam for parents' reference.

OUR EDUCATORS

In the Classroom

Faculty always focus adequate time and attention on their students. Teachers work closely with students in the classroom and one-on-one in small groups outside the classroom, to support their english language needs in listening, speaking, reading and writing. In addition to having an outstanding experience and qualifications, our educators contribute to the overall learning environment to build bright futures.

CO-CURRICULAR ACTIVITIES

ART & FINE ART

We believe that students should have extensive exposure to their cultural heritage and should be provided with an opportunity to develop their talents in a creative atmosphere though study fo art, music drama and speech With this in view, we motive students to find a new meaning of expression in an environment that challenges them to develop their artistic senses.

PHYSICAL EDUCATION

our children take part in the inter-school sports competitions that come up periodically which are happy hunting grounds for new talent in the sport area. An indication of their importance is the inclusion of our champions in the District and State teams and we at school are proud to claim many of these feathers in our cap.

FIELD TRIPS & OUTINGS

Giving the students a chance to learn and enjoy themselves, the field trips and outings also provide an outlet for the students.

PUBLIC SPEAKING

Through debates and illocutions , the student are trained and encouraged to be able to confidently express their views and ideas.

VALUE BASED EDUCATION

We, at Sony Educational Group believe that along with developing academically strong students, an important goal of education is to teach children to be socially responsible citizens who would learn from the youngest ages how to give their best for the greater cause. Towards this end, we aim to meet not only the physical, emotional and educational needs of children, but their spiritual needs as children.

COURSE STRUCTURE

ACADEMICS

- English, Hindi, Sanskrit, Social Studies, General Science
- Physics, Chemistry, Biology, Mathematics, History, Geography, Economics, Commerce, Accountancy, Environmental Science, Bio- Technology, Computer Science, Political Science
- Physical Education, Athletics, Gymnastics, Boxing
- Art, Music (Western & Classical) & Dance
- Yoga and meditation are an integral part of the curriculum.

THE DECIDING FACTOR

THE RULES FOR ADMISSION

- Minimum age for admission to class LKG is 3 years and 6 months, UKG is 4 years and 6 months (i.e. on 1st April of the session year). Minor changes may be allowed at the discretion of the Management.
- Application for admission should be given in the appropriate form. The school reserves the right to test the child in any or all the subjects. Children, along with their parents, will be interviewed, if necessary, by the Principal.
- Students who are transferred from other schools must have their transfer certificates, counter-signed by the Inspector of Schools of the state concerned.
- For admission to KG and class I, parents are required to submit a photocopy of the date of birth of their wards issued by a competent authority at the time of registration.
- For admission to other classes a certificate from the Head of the Institution where the students is presently studying, will have to be produced at the time of registration.
- T.C. will be required for admission. The original copy of the birth certificate must be produced for verification when required.
- Two passport size photographs of the student are required at the time of registration.
- Prospectus and Application Form can be obtained from the school office on payment of Rs. 500. A Registration Fee of Rs. 1000 (non refundable) will have to be paid for registration. No registration will be accepted for classes where there are no notified vacancies.
- The registered applicants will be required to appear for a test/interview, after which the admission may be granted or refused. The decision of the school authorities will be final as for as granting/refusal of admission is concerned.
- Parents are requested to give an advance notice of at least a month for the withdrawal of their wards. Otherwise a fee equivalent to the tuition fee of one month will be charged for issuing the transfer certificate.

PAYMENT OF FEE

- Fees are to be paid in the School Office in advance for every three months before the end of the first month. Fees once paid is not refundable.
- Payment of fee by cheque/pay order shall be accepted up to the 30th of the first month of a term in which the payment falls due.
- Cheques/Pay orders should be drawn in favour of Sony Educational Group, payable at local banks.
- In case a cheque is dishonoured a fine of Rs.100/- will have to be paid along with the fees as applicable.
- After the end of the first month, a fine of Rs. 50/- will be charged per fortnight or part thereof for late payment of fees. If the fees remain unpaid for two consecutive months, the name of the student will be struck off the rolls.
- The fact that a bill or a memorandum has not been received by the parent or that it has been received late, neither exempts the student from paying fines nor prevents the school from striking the name of the student off the rolls for non-payment of fees.
- If any student whose name has been struck off seeks readmission, he/she will be charged a re-admission fee of ₹ 1000, provided re-admission is allowed.
- If any collection charges are levied, the same would be payable by the guardians/parents.

ROLE OF PARENT

- Parents are expected to cooperate with the school authorities in maintaining punctuality, regularity and discipline.
- Parents should ensure that their wards take an active interest in the school activities.
- Continuous absence of students for 15 days without permission is tantamount to indiscipline and the name of the student shall be struck off the rolls under such circumstances.
- The name of a student absenting without permission of three consecutive days after any vacation is liable to be struck off the rolls.

SCHOOL UNIFORM

Students are required to wear school uniform as given below:

- Summer: Grey terry cot shorts for boys upto class V (as per school colour). Trousers of the same material for other classes (boys).
- Winter: Grey terry cot trousers for boys upto class XII (as per school colour).
- Summer and Winter: Grey terry cot pleated skirts for girls (as per school colour).
- White terry cot shirts half sleeves with school insignia and school monogram for summer and full sleeves for winter (for boys).
- White terry cot blouses half sleeve with school insignia and school monogram for summer and full sleeve for winter (for girls).
- Bloomers (compulsory) for girls of all classes.
- Grey socks with 3 white stripes on the top.
 - Shoes- Black laced Oxford pattern - for boys.
 - Shoes- Black buckled strap - for girls.
- Maroon Blazers (single breast) with brass button bearing school insignia and school monogram are compulsory for winter. Maroon full sleeved pullover of the approved pattern for LKG children.
- Maroon sleeveless pullovers (plain without designs) matching the colour of the school blazer may be worn extra if it is very cold.
- Metal badges as per House colour to be worn on left lapel of the school blazer (classes VI and above)
